DETAILED ACTION

1. This action is response to communications: application, filed 03/22/2001; amendment filed 01/31/2006. Claims 1-15 are pending.

Response to Arguments

2. Applicant's arguments (filed 01/31/2006) with respect to claims 1-15 have been considered but are moot in view of the new ground(s) of rejection.

35 USC § 112^{1st} and 112^{2nd} rejection should have been addressed in communication dated 11/3/05. The Amendment filed 8/5/05 raise issues under *35 USC § 112^{1st} and 112^{2nd}* as specifically discussed below. Therefore it is necessary and in full compliance with the guideline set forth in MPEP Section 706.07 (a). This Office Action is thereby made final.

Claim Rejections - 35 USC § 112^{1st}

3. The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

4. Claims 1-2, 8, 13-15 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention. The disclosure lacks clear written description in a description on how to

obtain or authenticate a user to access enterprise service(s). Based on the limitation "...each company group of a plurality of distinct company groups including one or more related companies which use the same accounting codes and procedures, with accounting codes and procedures that vary between company groups..." It is unclear how to access the services based on the relationship of the accounting code, related companies and a plurality of procedures.

Claim Rejections - 35 USC § 112^{2nd}

5. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

6. Claims 1-2, 8, 13-15 recite the limitation "the same accounting codes". There is insufficient antecedent basis for this limitation in the claim.

7. Claims 1-2, 8, 13-15 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. Claims 1-2, 8, 13-15 are vague and indefinite because it is unclear of the limitation "...each company group of a plurality of distinct company groups including one or more related companies which use the same accounting codes and procedures, with accounting codes and procedures that vary between company groups..." and the relationships among accounting codes, a related companies/various company groups and a plurality of procedures in order to access the enterprise services.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
